Editor's Note:

Undoubtedly brother Bowman has noticed these behaviors while preaching from the pulpit. I could add a number of other unsavory practices that indicate a lack of interest in spiritual things – clipping fingernails, watching the clock, checking your cell phone, looking away from the speaker, and playing with anything and almost everything. Sadly, those who do these things are hurting themselves the most. How much better to listen, take notes, and consider the Words of God from the Scriptures
