

## 13 Seconds?

---

by Wayne Goff

What can you do with thirteen seconds? Not much, unless you happen to be Patrick Mahomes with two time outs in a football game. That was enough for him to lead his team down the field for a tying field goal to extend the game into overtime, and then win it. Kansas City has gone giddy over the event, while Buffalo once again is found in despair!

**THE LESSON** is that if we take our God-given talents, add to that a positive, “can do” attitude, and trust in God, then much good can come out of it. Many times God used His servants to make something great out of small things. The power rests in God, not in us. But **we** must do our part! Replace your “**I can’t**” attitude, with “**I will try, and with God’s help succeed!**” Read again **Matthew 25:24-30**
